

On April 23, 2009, the National Commission on Communications Regulation (“NCCR”) convened a meeting of the telecom operators and the Taxi Drivers’ Professional Union devoted to the use of short numbers in the territory of Ukraine. The main purpose of introduction of the short numbers format 151x had to deal with the convenience of service and simplicity of use.

As a result of the meeting, a joint working group including NCCR, operators and the Taxi Drivers’ Professional Union will work out measures on introduction of the uniform short number 151x.
